

REAL ESTATE INDUSTRY SUPPORTER AGREEMENT

Why Become a Real Estate Industry Supporter?

Tenancy Skills Institute graduates understand the importance of working in partnership with property managers. They are competent in the fields required for successful tenancies, including communication, an understanding of rights and responsibilities, cleaning, and budgeting. Our aim is to provide you with the best tenants possible, and to achieve this we invite you to join us as a Real Estate Industry Supporter.

Endorse the Tenancy Skills Institute by becoming a Real Estate Industry Supporter. Our supporters know the importance of having competent tenants, and recognise a Tenancy Skills Institute certificate as evidence that an applicant has demonstrated the skills and knowledge needed to be a great tenant.

Support the training as a guest speaker during a final training session. Guest speakers share their experience and perspective on what successful tenancies look like, helping to further develop graduate's skills and tenancy outcomes. Guest speaker roles can be as a one-off or ongoing basis.

We provide our Real Estate Industry Supporters with:

- Tenancy Skills Institute supporter stickers for displaying in your office window/s
- Tenancy Skills Institute flyers for sharing with tenants and prospective tenants, including the option of co-branded flyers with your company logo and message
- Tenancy Skills Institute flyers and information to share with your property owners, including the option of co-branded flyers with your company logo and message
- Free promotion of your business through various digital platforms and local media as a Real Estate Industry Supporter of the Tenancy Skills Institute
- Access to information regarding local training events
- An opportunity to meet and address Tenancy Skills Institute students personally as a guest speaker, giving future tenants an insight into property management and renting
- Support with endorsement of the Tenancy Skills Institute through a supplied Agent Media Kit, containing content ideas, quotes and digital branded resources

Join us today to create better rental outcomes!
